RELIGION OF AN ASTRIES. a are all the nations of the carriers also

here exist. This is adoly to become a trady and the handed fine. Sow that a committee in the protective policy. Even in a territor, the seat and to be the policy of the existing plants and has afternot to a territor, the seat and has afternot the protection as beautifully. This because the protection is beautifully and the mattheward for protection as beautifully as in the protection of the mattheward for the first plants and the protection of the protection of the mattheward for the mattheward for the mattheward for the mattheward for the first plants and the protection of a demand, however, should not be unsumber stood. It is not because the nations becomes the first objection but necessary for about protections but necessary to about protections. We this conditatory measure against mations like the conditatory measure against mations like the policy which transport for the policy which transport for the policy which transport policy would do, that Mr. C. diving passive policy would do, that Mr. C. diving a conditative description of the conditional dotter and the condition of the conditional dotter. ad to be changing their position to far as

form, and a conservative preactionist mained program party of Origon a matchell party. Exercited a noted conton spinner. The conservative stood upon a platform of retainatory duties or recipracity of tariffs. The liberal announced himself a free trader of the Lanca-ing to be any more profitable than it has beriefly duties or recipracity of tariffs. The liberal announced himself a free trader of the Lanca-ing to be any more profitable than it has beriefly bean in Origon, or the like effort is now pravious to be any more profitable than it has beriefly bean in Origon, or the like effort is now pravious to be any more profitable. was achieved, ten, in spite of the large trial (the be-centenary of the city will be converted bying ract for Thumpsin, out of gratifule memorated by imposing cereations, and a for the Pull Mull's apposition to the recercion great funeral to Penn on the occasion would act. The election astonished both sides. It be a fresh conservation of his memory, was thought that the tery would succeed; but workingmen see that they are threatened by Though the remark is not entirely east the system which throws open the home must say that this temporea it if true market to nations who has their deeps spaces. On a concepts from England, as tel-British products. Eckroyld and his friends, in repay to the aphurisms of the free trade: thyra who walked the streets on account of the chert time 'at the allie, and called up to the BORN. manufacturers to explain why "full time", bus-Adam Smith Bastlat or Colden to a strof peratives who only know that they are out of has to use went of a protective parity? over sees in the result at Preston a sign that | Politics A will be necessary to tight the whole battle of free trade over man; and the Glass ov He wild see made, or rather that free tradewhere jets E. sland another features that more gets Theories eventual of Majorsov K. refuse free trade with her. The Loudon to do. St. Andrews's Society.—The propositionaries that the patience of the English works | m. v. softension by while he dark the contribution of the form to be the contribution of the contribution of the contribution. ag class is family worm out, and come what at great political contest in Ill: district will be

resofts of the manuscriph which our tariff system punishes and impoverish is our own posple. We wants market for our products, partabled.

A NEW MRC PARK AND MASSICAN NEW JOHN AND ASSICAN NEW JOHN ASSICAN ASSICAN ASSICANCE AND ASSICANCE ticularly those of agriculture, within which the class of products is ambraced much the greater which which within the part of our exports. Our protective system business, it has been unaintained chiefly at the expense of the agricultural class; that is, the system has about between the producer at home and the magnification designs of the confer in the con ormer abroad obstructing free exclusive It has kept prices of manifectured goods at high figures, and kept the products of agriculture down to low prices. Our apostles of proction have ignored all this and preached to could make the English people suffer incon . \_\_\_\_ Corner E eystem of protection and its results if England. France and Germany should adopt and steadily pursue a retaliatory pol-cy. Discrimination by these and other nations against our gram, provisions, notion, petroleum and tehacio, would for the time add to the burdans of our own people; but the result would afterwards appear in a meeb d and salmary lesses enforced on our country, that obstruction of commerce never is nor ever can be a prominable thing. The doctrine of protecne a prontainte titigat, the thechine of principal tion is not going to unake any real advance, though to a superficial view tills might seem the inevitable consequences of the change of policy by European countries. For this change policy by European countries. For this change is not a change in fact, As a measure of retailation it may produce the happlost effects. Indeed its certain consequence will be to bring the whole decrine of protection into column, ridianly and contempt; for it will prove that absordity of the endeavor on the part of all the nations of the endated on rich by protecting please industries against (ach these. All, cortainly, cannot prosper under such a system. This discovery may be the first step Lovards the lessen that no nations can, and that every

non-iller sergeants, 30 officials and all presents. The learn of substances is the years. The pay cauties as follows per month. Sergrants, \$80 to \$80, corporate, \$55 to \$80, previous, \$8 to \$80, to \$80, about, \$45,000 a year is one the intreast, assule from the pay of others and califord men. The pay of others and calculation met.

With the estant of apparent, a mesho is become the control of the apparent, a mesho is become interesting the first and the partial of the payer of the calculation of the first payer of the calculation of changes expected from Finder to the lated States. The interesse has been steady during the last three years, and particularly rapid in 1880, 1845 The value of the change payer rapid in 1880, 1845 The value of the change payer and posterior was \$1,280,000 in 1880 it was nearly double this. The imports of having quentially have been largely interessed. The payer of grace 3d appears which is largely interessed. The payer of grace 184 appears which is a fact all, described for much.

Two Old Men Upon the Wenther.

matted and thus on the consections in the carry wrought steel unabrellas through the streets?"

Theself don't rejoined odd Daddy Wotherspoon, mopphag his visage with some anxiety, "I was out hunting that spring, and we had to carry one powder in buckets of water to keep it from using off prematurely. Wasn't that the spring the hams fruid on the live hogs and the bills malted off the snow winds?"

"The same spring," said Uncle Linkenboth am, "I knew it was off islaing in Long 18 and 8 sound, and the heat specialist the water into attend so as to blow our load char over into the woods. That mount was pretty warm, for I receifect how the forest out back of fast New York melted down, and I had a tream of hquid kindlings, running right through my farm, One of my legs took a swap of it one day by marrake, and when he died in the fall we found him check full of splinters. Killed him.

"Yes, yes," marranged old Daddy Weiler spoon, streaming at every pore. "We need to hang man't and vegatables down my well and they was coased in ten min ites by the watch," and the ancent gentleman regarded his artage of the total hat," and old Uncle Linkinboth. "We reced that," and old Uncle Linkinboth.
